GENERAL REVIEW.

Exercises in Spelling, Reading, Writing, Composition and Biblical Science, are required of all the Classes, throughout the whole Course.

Great attention will be bestowed on the study of the English Language; and the study of Latin and Greek, though not made indispensable to graduation, is earnestly recommended. Young Ladies applying for admission shall be carefully examined, and will be permitted to enter any Class, the studies of which they are prepared to continue. Pupils, who do not wish to take the full College course, will be admitted to special studies at the request of Parents or Guardians, with the approbation of the Faculty: such Pupils, however, will be required to recite with the regular Classes, and in all other respects conform to the rules and regulations of the Institution.

Arrangements have been made for the instruction of those who are preparing for the regular College course.

A portion of each Sabbath is spent in the study of the Scriptures, and all the Pupils are required to attend Divine Service, with the family of the Principal, at Centre Church, unless otherwise directed by the Parent or Guardian.

THE COLLEGIATE YEAR

Is divided into two Terms of five months each. The first Term commences on Wednesday after the second Tuesday in July, and closes, with a public Examination, on Thursday after the second Tuesday in December.

The second Term commences on Wednesday after the second Tuesday in January, and closes with the Annual Commencement, which occurs on Thursday after the second Tuesday in June.

Books and Stationery furnished at Fayetteville prices.

Session Bills to be paid one-half in advance, and the remainder at the close of the Session.

In no ordinary case will a pupil be received for a less time than one Session, and those who leave before the close of the Session will in all cases be charged for Board and Tuition for the whole Term, unless actual and protracted sickness is the cause of their removal.

EXAMINATIONS, &c.

A public Examination will be held at the close of each Session, from which no pupil will be excused except on account of sickness. Absence from any other cause will affect her standing. The Senior Class, previous to receiving the honors of the Institution, must pass a final examination on the whole Collegiate course.

To those who complete the prescribed course, and sustain a creditable examination on it, a Diploma will be given.

GENERAL REMARKS.

The Board of Instruction at Floral College is composed of experienced and efficient Teachers, well qualified for their responsible positions, and whose success in their respective Departments has been uniform and eminent. Connected with the Institution are well selected Libraries; also Chemical and Philosophical Apparatus, ample for the purposes of illustration in the several Departments. The Village is quiet and healthy. The government of the Institution as purely parental as possible, uniting mildness with decision. An appeal to the reason and affection of the pupil, and to her conscience as influenced by the precepts of the Bible, is always preferred to the use of sterner means. Authority, however, will be maintained, and the requirements made most certainly enforced. Superficialness in study is utterly discarded, and thoroughness aimed at in all the instructions. The character and value of each recitation is recorded at the time of reciting, and the result, together with a statement of the health, industry and deportment of the pupil, communicated to the parent or guardian at the close of each Quarter. The young ladies rooming in the College are not permitted to receive calls, except from *family friends*, nor to accept invitations to ride, walk or visit, without permission from the Principal, or a written permit from their parents. It is earnestly requested that parents and guardians enter their daughters or wards on the College Roll the first day of each Session, and require them to attend punctually upon all the duties of the Institution. A delay at the beginning of a Term of even a few days, when the Classes are formed, occasions a serious disadvantage to the pupils, inasmuch as the regular Classes cannot be detained for those who come late.
